

## COORDINATION

The contractor will do their best to provide access for property owners but there may be times when access is difficult.

If you have special access needs, please contact A-1 Excavating.

A-1's project manager is Al Gingras. Please call Al if you have any access issues that need to be resolved. Al's phone number is (715) 456-9091.

## PROJECT FUNDING

This project will be financed by City funds and special assessments.

## SAFETY TIPS

BE ALERT!! Watch for construction workers and heavy equipment operating in the construction zone.

Please assist in keeping children away from work areas and equipment.

Please drive slowly when in the construction zone. Observe warning signs for changing conditions.

## PROJECT PERSONNEL

The City of Eyota has retained the services of WHKS & Co. to design the project.

Tyler Baumbach will be the City's on-site representative. He will be on-site daily to observe the construction and to answer any questions. Please call Tyler if you have any questions about the project. Tyler's cell phone number is 273-8007.

## SCHEDULING

A-1 Excavating has been awarded a contract to construct the project. A-1 will be working with a variety of subcontractors, such as Rochester Sand & Gravel for bituminous and Pember Companies for curb & gutter, driveways and sidewalks.

Construction will begin the week of May 30<sup>th</sup>.

Please visit the City of Eyota's website at [www.eyota.govoffice.com](http://www.eyota.govoffice.com) for a more complete construction schedule with approximate dates that construction work may be occurring in your Phase.

**PROJECT PHASING**

The project includes 4 separate phases as shown on the following map:

**PROJECT SPECIFIED COMPLETION DATES**

**Phase 1** All work shall be completed by Aug. 20, 2016

**Phase 2** All work shall be completed through the first layer of black top & sod by Aug. 20, 2016

**Phases 3 and 4** All remaining work, with the exception of the second layer of black top, shall be completed by Oct. 28, 2016.

**Phases 2, 3 and 4** The second layer of black top shall be completed by June 24, 2017.

**CONTRACTOR'S ANTICIPATED SCHEDULE**

**Phase 1** Complete by Aug. 3, 2016  
**Phase 2** Complete by Aug. 9, 2016

**Phases 3 and 4** Complete all remaining work, with the exception of the second layer of black top, by Aug 18, 2016

**Phases 2, 3 and 4** Complete second layer of black top by June 24, 2017.

**PROPOSED CONSTRUCTION**

Work to be performed in each phase includes removal of existing roadway and driveway approaches, construction of new watermain and storm sewer, some sanitary sewer improvements at various locations, construction of new roadway with concrete curb & gutter, concrete drive approaches, and pedestrian ramps

All disturbed construction areas will have sod placed, by the project specified completion dates.
