The Economic Development Authority held their regular monthly meeting at 4:30 p.m. at City Hall. During that meeting Shannon Sweeney with David Drown Associates facilitated a work session to discuss details and ideas to develop a work plan for economic development projects that were previously identified. Project ideas were previously initiated and identified from the revenue received from Rochester sales tax.

At 6:20 p.m. Council members joined the EDA to review the work plan ideas. Sweeney will now take the information and develop the work plan with details and time lines. It will then be submitted to the EDA and Council to be used as a tool.

Discussion items/projects were: commercial building development, community center planning, develop a new business incentive program, main street revitalization, trail connections and Arbor Gardens expansion.

The meeting was adjourned at approximately 6:52 p.m.
